AL-INVEST Verde

The First Call for innovative projects took place on March 28, 2022, through successful sessions with the participation of key stakeholders across Latin America.

One hundred thirty-six proposals were received, of which twenty five were selected.

We develop sessions to promote connections and exchange.

We celebrated our first #CONEXIÓNVerde in Lima, Peru. It was a Consortium Meeting to discuss the program execution. Alexandre M. Mateus hosted the opening ceremony from the EU Delegation in Peru, along with Jose Rosas, CCL´s General Manager, and Frank Summa, Director of Component 1 of the program.

In Guadalajara, Mexico, we hosted our second #CONEXIÓNVerde. The opening ceremony was in charge of Carlos Villaseñor, President of Coparmex Jalisco, and Christiane Beck, Head of International Donors of sequa.

The first meeting with the winning projects of the First Call was held during this session. Twenty five institutions from Latin America participated.

We work to make ourselves known not only to meet our objectives but also to make visible the real transformative potential of the program.

Within the program's framework, CAINCO organized the Circular Economy Forum, a commitment of all in Santa Cruz, Bolivia.

AL-INVEST Verde participated at the International Forum of Circular Economy, organized in Lima by the Ministries of Environment, Production, Agrarian Development and Irrigation, and Foreign Trade and Tourism of Peru.

Within the Encuentro por Mexico ´s framework, and in partnership with Coparmex Jalisco, the panel: The Circular Economy was held.

Within the program's framework, the Chamber of Commerce of Lima developed the 1st. Sustainability and Markets Forum to discuss aspects related to advances in sustainability as a differentiation strategy in business markets.

Let's continue promoting the growth of small businesses on an increasingly better planet!
